TEAM TONY

MEMORY OF OUR FELLOW NITRO FAMILY MEMBER TONY SANDOVAL!

"With the Desert colorway, we're honoring the life and work of Tony Sandoval, Nitro Family member and artist, who designed generations of Team boot styles, including the current one. Tony was born and raised in Utah, before moving to Seattle where he attended Seattle Art Institute and ultimately joined Nitro. He enjoyed the arts growing up and thrived in art classes throughout his youth, this is why from each of these boots sold, we will make a donation to support art programs in Utah and Washington schools, a project that meant a lot to Tony."
